“

In my 10th grad Board exams I faced plenty of challenges for self learnings. Due to lockdown when I had no tuitions classes, the CF web portal has been a great help for my English studies. It resolved my grammar queries specially on direct/indirect speech, tenses and improved my vocabulary. The bilingual format is easy to understand. Thanks for these helpful resources during these tough times.

I had difficulty learning English through English-language resources. However, this bilingual YouTube channel helped me understand grammar and tenses more easily. I've noticed improvements in my vocabulary and speech. Thanks to this channel, I scored 75% in English in my 12th-grade boards and am now pursuing a B.Com at MS University, Vadodara. My college is English-medium, so I continue to use Cosmo English Tutor as my golden key to excel in English literacy. Thank you for creating such valuable resources.

“

Cosmo English Tutor has been very helpful in my teaching. I've watched 50 subject videos and taught 15-20 subjects to students. I sometimes rewatch videos for better clarity and self-growth. Each subject is well-explained with objectives, definitions, and examples, which has improved my concept clarity and vocabulary. I've also learned new teaching techniques, such as recognizing that "Have/Has/Had" are also helping verbs. My fear of teaching English tenses is diminishing, and I feel more confident and efficient in my classes. Thank you, CF, for creating such an invaluable English learning resource.

“

I'm from Bhopal, 63 years old, and a retired Upper Divisional Clerk from Narmada Bhuvan, Vadodara. My mother tongue is Sindhi, and I struggle with writing Gujarati fluently. I began learning English using the Cosmo Basic English Learning Capsule. I watched videos on action words, using a dictionary, and articles (a, an, the). The content was presented simply with easy dialogues, which helped me learn English effectively in my native language and also expand my Gujarati vocabulary. Using this platform has been a valuable way to utilize my time at home. Thank you, Cosmo Foundation, for your meaningful approach to teaching English.
