April 2026

Transforming lives of communities through
Education, Environment and Empowerment initiatives

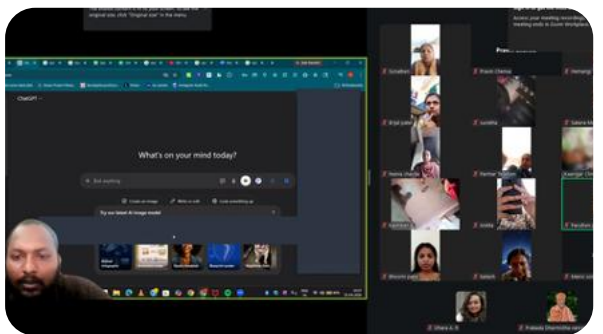

Overview

April 2026 stood as a landmark month for the Cosmo Foundation, defined by prestigious recognition and a profound commitment to sustainable community development. Our efforts were **honored** early in the month with the **Best Practice in CSR Award 2026**, presented by the Sakshamthad Foundation and Parul University—a testament to our team's dedication to excellence and impactful service.

Our educational vertical achieved remarkable scale this month. Through a **comprehensive student assessment** involving **9,388 participants**, we recorded that **62% of students (5,842) advanced to higher competency levels**, validating the strength of our pedagogical interventions. Our **Book Donation Drive**, gathered **1,010 books from employees of Cosmo First Ltd.** A vibrant **UGC Campaign** on International English Language Day that highlighted the **meaningful progress of our beneficiaries**.

Environmental stewardship and heritage preservation remained at the forefront of our mission. To mark **World Earth Day**, Employees of Cosmo First and volunteers engaged in plantation and **seed ball-making** at the Biodiversity Hub. Simultaneously, we honored **World Heritage Day** by organizing an exposure visit for Z. P. School students to the historic 700-year-old Kagzipura Paper Mill, bridging the gap between youth and cultural conservation.

The month concluded with a holistic focus on health and empowerment. From **health camps** in Karjan and Dhoregoan to **mental well-being sessions** for educators and **entrepreneurship workshops** with Karigaar Clinic, we addressed diverse community needs. The **inauguration of a Community Water ATM** served as a fitting finale, reinforcing our promise to provide essential resources and foster a resilient, self-reliant society.

Awards and Recognitions

Honored at 3rd CSR Convention

Cosmo Foundation was honored with the prestigious **Best Practices in CSR Award 2026** for our transformative **Education & Digital Learning Initiatives** at the **3rd CSR Convention**, hosted by the **Sakshamthad Foundation and Parul University**. This distinguished accolade underscores our unwavering commitment to fostering sustainable community impact and driving meaningful social change. By consistently setting new benchmarks in corporate social responsibility, this recognition serves as a proud testament to our dedication to empowering future generations through innovative and inclusive educational excellence.

Measuring Growth, Inspiring Excellence

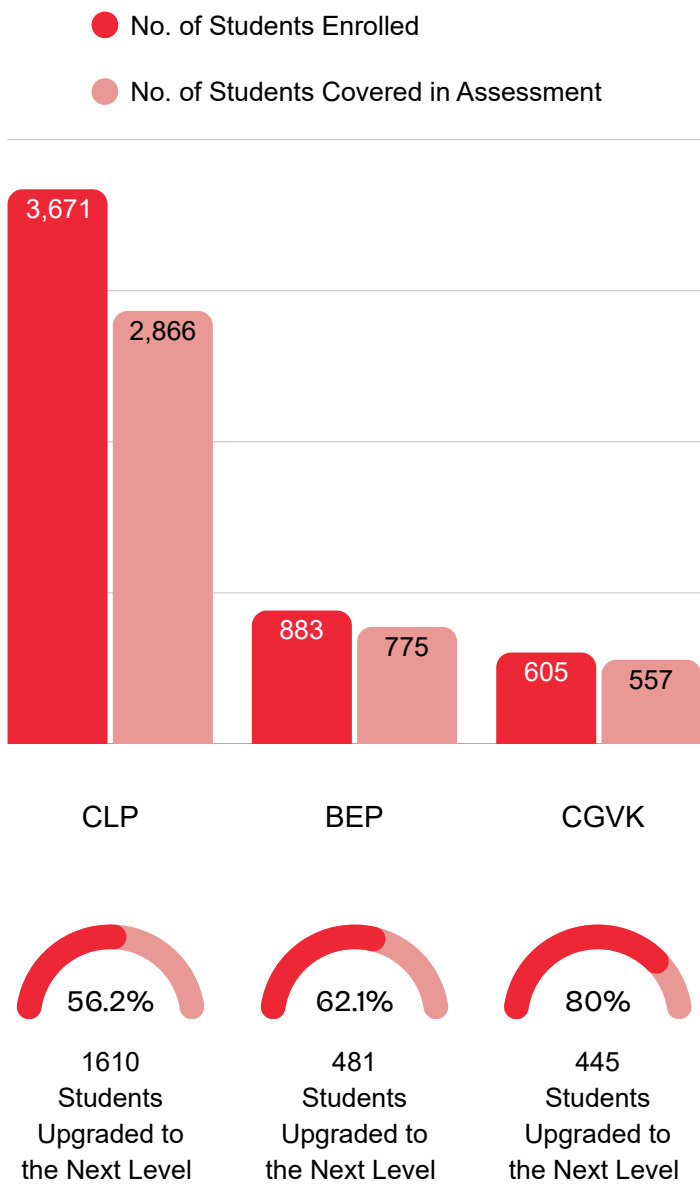

Assessment of learning outcomes remains central to Cosmo Foundation’s mission. Throughout March and April 2026, we conducted a comprehensive evaluation of our computer literacy program, English fluency development program, and foundational literacy and numeracy programs across Karjan and Chhatrapati Sambhajinagar.

The results highlight the progression rates reaching **56% in digital skill building, 62% in English fluency development program, and an exceptional 79.5% in foundational literacy and numeracy.** Beyond these metrics, the assessment revealed a transformative qualitative impact, including enhanced communication skills, refined problem-solving abilities, and a burgeoning "can-do" attitude among learners. These insights are instrumental in our structured reflection process, allowing us to strategically refine our curricula and address specific areas for improvement to further strengthen our educational reach.

Assessment Performance of Karjan Block

Assessment Performance of Chh. Sambhajinagar

Transforming Potential into Confidence

“ My name is Vaishnavi Tulshiram Rokde, and I study in Class 6 at Zilla Parishad Primary School, Jikthan (Taluka: Gangapur, District: Chhatrapati Sambhajinagar). Before joining the classes conducted by Cosmo Foundation at our Gyanvihar Kendra and Computer Training Center, I had very little knowledge about computers, but now I have learned many useful skills like typing, formatting, creating greetings, timetables, and resumes, as well as how to take proper care of a computer. Today, I feel confident using a computer, and I am very thankful to Cosmo Foundation for helping me learn something that will support my future.”

Vaishnavi T. Rokde,
Student, Class 6th, Z. P. School, Village - Jikthan

Voices of Impact: Celebrating International English Language Day

To commemorate **International English Language Day**, Cosmo Foundation launched a **User-Generated Content (UGC) campaign**, inviting **educators, students and alumni** to reflect on the **transformative impact of our Basic English Fluency Development Program**. The initiative saw enthusiastic engagement, with over **53 participants** sharing powerful testimonials on how linguistic proficiency has reshaped their trajectories. Reaching an **audience of 17,000+ via social media**, the campaign underscored English as a vital 21st-century competency. This outreach showcased the profound impact of our rural education efforts and reaffirmed our commitment to bridging the opportunity gap. By amplifying these success stories, we continue to pave diverse pathways for the future growth and empowerment of our students.

“ My name is Sain, and I reside in Kanbha village, Karjan. My association with the Cosmo Foundation began as a student and evolved into a professional commitment when I joined as a Balmitra after completing my graduation. Having studied in a Gujarati-medium school, English was initially a significant hurdle for me. However, the Cosmo English Tutor YouTube channel played a pivotal role in my academic development. Through this platform, I mastered everything from foundational basics to advanced language skills, which effectively eliminated my fear of the subject. This preparation proved essential when I pursued my Master's degree at N.S. Patel College, where the medium of instruction was entirely in English. Because of the fluency I acquired via Cosmo English Tutor, I was able to comprehend complex lectures and excel in my studies. Without this support, the sudden transition from Gujarati to English would have been incredibly difficult and would have undoubtedly impacted my academic results. I am deeply grateful to the Cosmo Foundation for providing accessible learning opportunities that empowered me to successfully navigate my higher education and build a stronger future.”

- Ms. Sain Malek, former student and educator

Celebrating International English Language Day

At Cosmo Foundation, we believe language is the bridge to global opportunity. To **honor International English Language Day**, Associate Program Coordinator and Senior English Faculty, **Mr. Pravin Chauhan**, spearheaded a series of dynamic, activity-based learning sessions across our centers. Moving beyond traditional rote learning, students engaged in interactive **sentence-building challenges** and competitive **vocabulary "Antakshari,"** transforming complex linguistics into an immersive game. From rhythmic word drills to collaborative story-reading sessions, the initiative focused on building phonetic confidence and structural fluency. These activities underscore our commitment to literacy as a tool for empowerment. By blending pedagogical rigor with creative engagement, we are ensuring our students don't just study English—they master it with enthusiasm. We remain dedicated to fostering an environment where curiosity drives excellence and every word learned is a step toward a brighter future.

Shaping Industry-Ready Communicators Through English Communication Skill

Cosmo Foundation continues its mission to make students industry-ready by delivering engaging **English learning sessions** at **Gotri and Karjan ITI**, where students actively participated under the guidance of Associate Program Coordinator and Senior English Faculty **Pravin Chauhan**. Through activity-based and game-oriented methods, students learned to construct sentences from Gujarati prompts while mastering key tenses—Simple Present, Present Continuous, Present Perfect, Simple Past, Past Perfect, and Past Continuous—making complex grammar easy to understand and apply. The session sparked great enthusiasm, with students responding confidently and significantly improving their ability to use English effectively.

Environment

Earth Day: Wall Paniting Initiative

To mark **World Earth Day**, Cosmo Foundation, in collaboration with the Gram Panchayat village Sambhoi, organized a vibrant **community wall painting initiative** at the Sambhoi Primary School. Centered on the theme "**Save Earth**," the event engaged over **110 students, anganwadi workers and community members** in promoting vital environmental practices, and plastic waste reduction.

A highlight of the program was the **facilitation of a student leaders from the school's Swachhata Committee**, recognized with a **consolation prize** for excellence in monitoring campus hygiene. This initiative not only beautified the learning environment but also reinforced a collective responsibility toward sustainability, inspiring the next generation to lead the way toward a cleaner, greener future.

Earth Day: Seed Ball Making Workshop

In observance of **World Earth Day**, Cosmo Foundation **partnered with Prayas Youth Foundation** to host a **Seed Ball Making Workshop** at the Biodiversity Hub, Chhatrapati Sambhajinagar. The event engaged **32 employees from Cosmo First Limited, Waluj**, who successfully prepared **800 seed balls** and participated in **replanting efforts** to expand regional green cover. These seed balls are designated for dispersal across forest areas in Chhatrapati Sambhajinagar, directly contributing to local reforestation. By fostering hands-on environmental responsibility, this initiative underscored our commitment to collective climate action and highlighted the Foundation's dedication to cultivating a healthier, more sustainable future for the community.

Project Consultant | Helping Corporates Design & Execute CSR-Compliant Preventi...

2d ...

In the preventive health and human performance space, we view these localized green initiatives exactly through this lens: as the ultimate stabilization of a community's 'Social Determinants of Health' (SDOH).

Increasing biodiversity and green cover through seed ball drives isn't just an environmental win; it is a critical, ground-level intervention in the physiological infrastructure of the region. By improving the environmental baseline, you are actively protecting the metabolic health and cognitive bandwidth of the surrounding population. A brilliant example of how CSR can architect true biological resilience at scale! Congratulations to the Cosmo Foundation team on such impactful execution.

Empowerment

From Products to Portfolios: Scaling Rural Business via AI Integration

In continuation of our **Business Wellness Program** in partnership with **Kaarigar Clinic**, this month focused on the digital empowerment of **30 rural women entrepreneurs** from Karajan through a series of three comprehensive online workshops and personalized one-on-one sessions. A cornerstone of this period was the **"AI for Business"** module, where participants received live training in leveraging generative AI tools like ChatGPT and Gemini. By mastering the art of prompt engineering, these women transitioned from basic photography to creating sophisticated product portfolios and professional advertising flyers designed to maximize market attraction.

To ensure these digital assets translate into commercial success, the Kaarigar Clinic team guided each entrepreneur in **optimizing their social media presence**—transforming personal profiles into professional business accounts, refining bios, and implementing strategic hashtag usage for broader reach. Beyond creative marketing, the program provided a holistic business audit, offering tailored feedback on social media performance and actionable growth strategies. Crucial operational insights were also shared, ranging from database management and customer follow-up techniques to the psychological impact of personalized "thank you" notes and standardized sales bookkeeping. By addressing current entrepreneurial challenges with cutting-edge technology, we are bridging the digital divide and equipping these women with the high-level skills necessary to scale their enterprises in a competitive modern marketplace.

Professional Product Portfolios and Advertising Collateral developed by rural women through AI

Mentorship in Action: Empowering Shalinis

Under the **Udayan Shalini Project**, **Ms. Mamta Musalkar**, a family member of an employee of Cosmo First conducted **home visits** to Shalinis in Gangapur to better understand their family and economic backgrounds. During these interactions, mentors engaged closely with both students and their parents, **discussed aspirations, life goals, and the importance of education**. These meaningful conversations helped motivate the girls to pursue their ambitions and become confident, self-reliant individuals. The initiative reflects the Foundation's commitment to holistic development and empowering young women to shape their own futures.

Empowerment

Success Story: Bridging Aspirations and Achievement

“ My journey from a hardworking farming family to professional independence has been defined by resilience and the right support. Joining the Udayan Shalini Fellowship in 2021, supported by Cosmo Foundation, was the turning point that allowed me to believe in my own potential.

With the scholarship received through this fellowship program, I completed my Bachelor of Computer Science. The Foundation's specialized workshops in cybersecurity and soft skills were instrumental in transforming my academic knowledge into professional readiness. These efforts—from the scholarship to soft skills training—have built my confidence and refined the communication skills necessary to navigate the corporate landscape. Today, I am proud to have secured a position as a Graduate Trainee at Tata Consultancy Services Limited, with an annual CTC of ₹2,80,010. This milestone is not just a personal victory, but a testament to how the Foundation's holistic support empowers students like me to turn ambitious dreams into a reality of financial independence. ”

Amrita Thorat
Cosmo Shalini

Community Engagement

Strengthening Community Connections Through Home Visits

Cosmo Foundation continues its relentless efforts to strengthen community engagement through extensive home visits across villages in Karjan and Gangapur blocks. **Over 4300 home visits were conducted by community based teachers**, fostering strong connections with families and gaining deeper insights into socioeconomic situations and learning needs of the rural students. These visits are **focused on mobilizing students for upcoming summer camps and vacation batches in Digital Skill Building and English Fluency Development Course**. This proactive initiative enhances participation and reinforces the Foundation's commitment to delivering quality education to every child.

Special Projects : Health & Hygiene

Water ATM Inauguration: Ensuring Safe Drinking Water for All

Cosmo Foundation, in partnership with the Gram Panchayat, village - Kagzipura, inaugurated a Community Water ATM in Kagzipura village. The ceremony was attended by the Chairperson of the Panchayat Samiti, the Block Development Officer, and over 80 community members. This facility provides 24/7 access to safe, mineral-enriched drinking water at an affordable price. To maximize impact, the initiative includes doorstep delivery and the distribution of water jars to 200 families, benefiting approximately 2,000 residents. This project underscores the Foundation's dedication to health and hygiene, serving as a vital step in our mission to transform Kagzipura into a sustainable model village.

Strengthening Communities through Healthcare

In observance of World Health Day and World Homeopathy Day, Cosmo Foundation partnered with the AYUSH Department (Village Kandari & Kurali) and CSMSS Medical College to host comprehensive health camps and awareness session across Jalaram Nagar, Karjan and village Dhoregaon. The initiative provided over 280 community members with essential services, including general check-ups, eye screenings, and free medicine distribution. Beyond clinical care, dedicated awareness sessions empowered residents with vital health knowledge. This collaborative effort underscores our unwavering commitment to enhancing community well-being and bridging the healthcare gap for underserved populations, ensuring that quality medical guidance and treatment remain accessible to all.

Building Resilient Minds: Mental Health Awareness

Marking World Health Day, Cosmo Foundation partnered with the AMAM Foundation to conduct a Mental Health Awareness Webinar led by psychologist Dr. Purvi Bhimani. The session delivered actionable insights into emotional balance and stress management to 44 educators across Karjan and Gangapur. By addressing emotions like fear and ego through interactive dialogue, the webinar fostered a proactive approach to mental well-being. This initiative highlights our dedication to empowering teachers with the psychological frameworks necessary to build a resilient and positive community.

Employee Engagement

How Our Employees Celebrated the National Year of Reading

In Celebration of the **National Year of Reading 2026** and **World Book Day**, Cosmo Foundation concluded its **"Gift a Book Donation Drive,"** held from 15th - 23rd April 2026. This initiative saw exemplary **engagement from Cosmo First employees and their families** across our Delhi, Karjan, Waluj, and Shendra locations. Through this collective effort, we secured over **1010 Books**, including academic resources, multilingual literature, story book, fiction books and inspirational titles. These contributions will directly enrich rural school libraries, fostering a culture of literacy. By bridging critical resource gaps, this initiative reinforces our steadfast commitment to providing equitable learning opportunities for children in underserved communities.

We extend our sincere gratitude to the **Sitaram Jaipuria Foundation, Mr. A. K. Jain, Mr. Sanjay Chincholikar**, and all participating employees for their valuable support in the book donation drive.

We are thrilled to announce that the **Cosmo First Limited family surpassed our 1,000-book goal, donating 1,010 books to Cosmo libraries and rural school libraries.** Thank you for your incredible generosity in empowering young readers and making this drive a resounding success.

Sustainable Spirit: Celebrating Earth Day Through Action

“ I am honored to have participated in the Seed Ball Making initiative organized by Cosmo Foundation and Prayas Youth Foundation. Contributing to this cause felt like a meaningful step toward fulfilling our collective responsibility to Mother Earth. I want to extend my sincere gratitude to my colleagues at Cosmo First for their spontaneous participation and to the members of both foundations for making this impactful experience possible. Together, we are planting the seeds for a greener tomorrow. ”

Mr. Bhushan Muley,
Assistant Manager, Finance & Account, Cosmo First Limited

Events

World Heritage Day: Inspiring students through local history

On **World Heritage Day**, Cosmo Foundation facilitated an **educational excursion for 35 students** from Z.P.P. School, Kagzipura, to the village's **historic 700-year-old paper mill**. This immersive experience offered students a rare glimpse into the traditional artistry and mechanical evolution of paper manufacturing. Beyond technical learning, the visit served as a profound exploration of Kagzipura's 700-year legacy. By engaging with their local heritage, students gained a deeper appreciation for indigenous craftsmanship. This initiative underscores our commitment to preserving cultural history while inspiring the next generation through experiential learning.

Networking & Partnership

AMAM Foundation

In a collaboration with the AMAM Foundation, Cosmo Foundation marked **World Health Day** by hosting a **Mental Health Awareness Webinar** for 44 educators. This collaboration highlights our shared commitment to professional well-being, leveraging expert psychological insights to empower teachers and foster a resilient, balanced community across Karjan and Gangapur.

AYUSH Department and CSMSS Medical College

In partnership with the AYUSH Department and CSMSS Medical College, Cosmo Foundation marked **World Health and Homeopathy Days** by hosting **comprehensive health camps**. This collaboration provided over **280 residents** across **Karjan and Kagzipura** with essential screenings and clinical care, reinforcing our joint commitment to bridging healthcare gaps in underserved communities.

Prayas Youth Foundation

In partnership with Prayas Youth Foundation, Cosmo Foundation marked **World Earth Day** by hosting a **Seed Ball Making Workshop** at the **Biodiversity Hub**. This collaboration engaged 32 employees to produce 800 seed balls for local reforestation, underscoring our shared commitment to regional green cover and collective climate action for a sustainable future.

Kaarigar Clinic

Our partnership with Kaarigar Clinic continues to **scale rural enterprises** through the **Business Wellness Program**. This month, 30 rural entrepreneurs from Karajan mastered AI-driven branding using tools like ChatGPT and Gemini. From creating professional portfolios to optimizing social media profiles, this collaboration provides the technical training to bridge the digital divide and ensure sustainable growth.
