Upgradation of Computer Labs - Extending Social Impact with Compassion Joy of Giving - Joy of Sharing

Cosmo Films is significantly putting untiring endeavors embedded with great zeal, energy, and compassion. We are humbled to share that **Mr. Pankaj Poddar, Group CEO, Cosmo Films** has generously committed to contribute **INR 10 lakhs to Cosmo Foundation** over the period of current and next financial year.

It helped to procure more desktops and set up computer lab in village Kandari, Karjan, to build digital skills amongst our rural students. it is an imperative necessity in present times.

Big thanks the generous support.

Mapping Learning Outcomes

CF has the practice to assess the learning outcomes across the programs. In the month of March, intensive assessments of students enrolled in the Computer & Digital literacy, English and Cosmo Gyan Vihar program were done.

Remarkable Results of the year - In Aurangabad assessments of 2798 students were done and results are awaited. Whereas in Karjan,

- **89%** of students have acquired efficient digital operation skills.
- In computer operation, results have improved from **89% to 94%**.
- **302** students were engaged as child laborers, out of which **212** were brought back into education.
- **71%** of students in CGVK classes were upgraded to the next level.
- **107** students from private schools joined CGVK classes and learned fluent reading.
- **47 %** students have acquired concepts of sentence formation and question answers in English.
- **28%** of students are fluent in Basic English Communication.
- In Digi Pathshala **48%** of students participate daily.

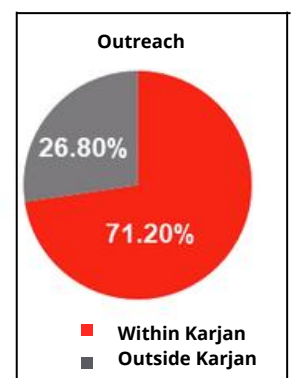

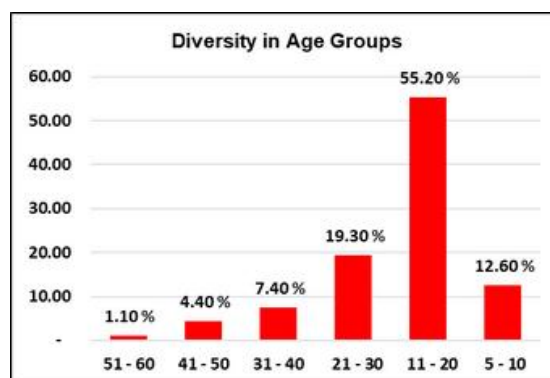

Spoken English Course for High School Students

– A crash exam-oriented functional grammar coaching were given on a hybrid mode to high school students of Bodka and Turkabad villages Karjan and Aurangabad. 265 students actively participated.

Basic English Learning Video Module –

It has been a year since the launch of the English learning web portal. It has amazingly created the deepest thrust amongst the learners and users from diverse locations and various beneficiaries are engaged. So far 1050 users are enrolled with total of 17200 video viewership.

Community Engagement - CF conducted virtual dialogues on several subjects viz. - The importance of Education on a Virtual Platform, Responsibility towards 'Bachpan' and Readiness for the Board Examination for the 10th & 12th standard students. 100 + parents, teachers and community members participated. The session was conducted by govt school principals and soft skill trainers from Young Indian, CII.

Environment

Cosmo Foundation Planting 15,000 Mango Saplings - Cosmo Tree Plantation Drive was organized with the technical support of the Centre for Environment Education (CEE), Ahmadabad. Under this project, 66 farmers from 10 villages will be benefitted from 15,000 mango tree plantations. It was inaugurated by Dr. Sudhir Joshi, District Ayurved Officer, Vadodara, Block Development Officer, Taluka Development Officer, Sarpanch, farmers, rural children, and Cosmo Films employees joined in the plantation drive. Farmers appreciated that it would improve their livelihood and would help their future generations.

Technical Training for Farmers - Training on scientific methods of crop cultivation, importance of mulching Mango plants, removing useless strains, cutting the stem for better growth, nurturing of the saplings, contents of compost and soil mixture and frequency of watering, etc were conducted by the technical experts of CEE and Prayas. 50+ farmers participated.

Hygiene & Sanitation

Nutrition Health Brigade for Adolescents girls - Vadodara District Aayush Department formed a Nutrition Health Brigade for Adolescents girls from various schools in the Vadodara district. 10 girls of Kandari and Kurali upper primary schools, Karjan were selected for this brigade through various competitions. On the eve of International Women's Day, CF donated 200 hygiene kits (sanitary pads, sanitizers soaps, napkins, and masks) to these girls under the august presence of MP Ranjanben Bhatt, Collector and Municipal Commissioner.

Construction of School Sanitation Blocks - Health & hygiene is the precondition for the sustainable learning growth in schools. Therefore, CF constructed a total 23 toilets and 17 urinals at Karjan and a total no of 21 toilets and 14 urinals at Aurangabad. At both the locations school management and the rural community have appreciated these efforts of the Cosmo foundation. ➔ [Click Here to View](#)
