New Year
2026

Overview

As 2025 is nearing to end, **Cosmo Foundation** reflects on a December month defined by **prestigious recognition** and a profound commitment to **social equity**. Organization's strategic vision was validated on a national stage as our Managing Trustee, **Ms. Yamini Jaipuria**, was **honored** with the **"Impactful CSR Leader 2025"** and **"ET NOW Impactful Women Leader of 2025"** awards. These accolades, received at the ET Now Champions of CSR Conclave and the Impactful Women Leaders of India Summit, underscore the Foundation's leadership in crafting sustainable, community-centric solutions that resonate across landscape of the corporate social responsibility.

Foundation remained deeply rooted in its **humanitarian mission**, addressing the immediate hardships of the winter season. Through **blanket and meal distribution drives** in Delhi, we extended essential relief to vulnerable citizens, reinforcing our commitment to timely, empathetic intervention. This spirit of care was complemented by a robust schedule of educational initiatives. By celebrating **World Computer Literacy Day** and **National Mathematics Day**, and **launching a revamped pedagogical framework for the Cosmo English Tutor digital platform**, we continued to bridge the gap in digital and analytical skills for the next generation.

Education and **capacity building** remained central to the Foundation's work throughout the month. Collaborating with the Nath School of Business and Technology, we facilitated a comprehensive **Cyber Security Training** to educators of Cosmo and Shalinis, while simultaneously providing specialized **soft-skills training** for female EV Technicians to bolster their professional trajectories.

On a broader canvas, Cosmo Foundation actively observed key national and global days, integrating awareness with action. **National Energy Conservation Day** was marked through **tree plantation drives** with employees of Cosmo First Ltd., underscoring environmental responsibility. **World Soil Day** and **Farmers' Day** focused on promoting soil health and sustainable agricultural practices, while **Human Rights Day** educated students on their rights and responsibilities.

As we turn the calendar to January 2026, Cosmo Foundation transitions from a year of reflection to a year of renewed action. Our focus for the coming months remains on scaling our impact, fostering resilience in the communities we serve, and ensuring that our legacy of transformation continues to grow in the year ahead.

Award and Recognition

A Legacy of Impact: Celebrating Ms. Yamini Kumar Jaipuria's Visionary Leadership

Cosmo Foundation is immensely proud to announce that **Ms. Yamini Kumar Jaipuria, Managing Trustee of Cosmo Foundation**, has been honored with **two prestigious awards**: the **ET NOW Impactful Women Leaders of India 2025** at the ET Now Impactful Women Leaders of India Summit 2025 and the **Impactful CSR Leader of India 2025** at the ET Now Champions of CSR Conclave. This award, presented under the aegis of the ET Edge Global Sustainability Alliance, recognizes her sustained dedication to transforming rural education, advancing women's empowerment, and fostering digital inclusion.

Under Ms. Jaipuria's visionary stewardship, the Cosmo Foundation has evolved into a cornerstone of grassroots development, driving holistic change across environment and community-led initiatives. Her leadership not only strengthens communities but also positions the Foundation at the forefront of national conversations on sustainable development. These honors are a testament to her belief that meaningful progress begins with empowering the most vulnerable, creating a lasting legacy of social excellence that inspires us all.

ET NOW Impactful Women Leaders of India 2025

Impactful CSR Leader of India 2025

Special Initiatives

Winter Relief: A Synergy of Compassion and Collective Action

In alignment with our steadfast commitment to social stewardship, Cosmo Foundation spearheaded a **winter relief initiative** designed to mitigate the hardships faced by New Delhi's most vulnerable populations. **We distributed 1,500 blankets and meal to students within underserved communities and hospital patients.** This intervention was realized through a synergistic collaboration with distinguished partners, including **Spread a Smile India, ISKCON Delhi, the Delhi State Cancer Institute, and the National Institute of Tuberculosis and Respiratory Diseases.** By integrating collective expertise and humanitarian resolve, we continue to reinforce the pillars of health, dignity, and communal resilience during the year's most demanding seasonal shifts.

Education

Building Job - Ready ITI Youth

In a strategic partnership, **Cosmo Foundation** and the **CII-Model Career Centre** launched a **60-hour Employability and Capacity Building Program** for over **200 youth** at **ITI Karjan** and **ITI Gotri**. The curriculum will continue to deliver **45 hours of advanced technical training**, covering MS Office, Data Analysis, and Macros to ensure high-level digital proficiency. Complementing this is a **15-hour Soft Skills module** focused on effective communication, leadership, and public speaking to foster professional confidence. Students will also get specialized career coaching, including resume building, mock interviews, and personal goal setting using the SMART framework. To ensure a successful transition into the workforce, the program will conclude with comprehensive **job placement assistance** at free of cost. This initiative will empower ITI students with the essential **"job-ready" skills** required to excel in today's competitive corporate landscape.

Cosmo English Tutor Orientation: Empowering Youth at Karjan

Cosmo Foundation conducted an engaging **Cosmo English Tutor Orientation** at **Smt. H. C. Patel Arts and Commerce College, Karjan**, reinforcing its commitment to youth empowerment. Led by **Mr. Pravin Chauhan** and **Ms. Mamta Baxi**, the session introduced **over 188 students** to accomplish the vision and create rippling impact. The interactive orientation highlighted the importance of English communication, digital confidence, and provide self-learning platform. By fostering these essential skills, this initiative will continue to prepare young minds for confident, future-ready careers and professional success.

Transforming Change, Shaping Careers

Cosmo Foundation's **purpose-driven engine on Internship Program** bridges academic learning with **real-world impact** through structured, hands-on engagement aligned with the Government of Gujarat's **120-hour Social Internship** mandate. During this month, **31 interns** contributed to digital initiatives, **Youth Parliament sessions**, and **workshops for rural girls**, and education programs, gaining valuable **professional exposure**. The experience nurtures them towards future leadership, social responsibility, and workplace readiness—shaping thereby as future change-makers.

“ During the period of my internship at Cosmo Foundation, I gained an incredible learning experience, followed by combination of digital tools with community engagement. I gained hands-on skills in content creation, AI voiceovers, and managing large-scale workshops. This experience has strengthened my ability to use technology and vocational training to create meaningful social impact. ”

Tithi Darji
Student, B.Sc.

Dept. of Extension and Communication, MSU

Bridging Theory and Tangibility: Celebrating National Mathematics Day

To commemorate **National Mathematics Day**, Cosmo Foundation hosted an immersive **Measurement Mela** giving fitting tribute to **Srinivasa Ramanujan's legacy**. Moving beyond textbooks, students were engaged in hands-on exploration of dimensions, weight, and liquid capacity using everyday objects. By bridging theoretical concepts with real-world applications, this event transformed abstract mathematics into a tangible, lived experience, fostering a deeper analytical curiosity and practical understanding among young learners.

Building Foundations: Upskilling Educators in Cyber Security, AI & Soft Skills

Educators of Cosmo Foundation and shalinis undertook a comprehensive **three-day advanced training** at the **Nath School of Business and Technology**. The training primarily focused on the convergence of **Cyber Security, Artificial Intelligence, and Effective Communication**. Through expert-led sessions on prompt engineering and digital safety, participants mastered AI-powered pedagogical tools and interactive communication techniques. These competencies will be integrated across all Foundation programs, institutionalizing robust digital safeguards. This approach will also foster an innovative, learner-centric environment dedicated towards academic excellence and technological literacy.

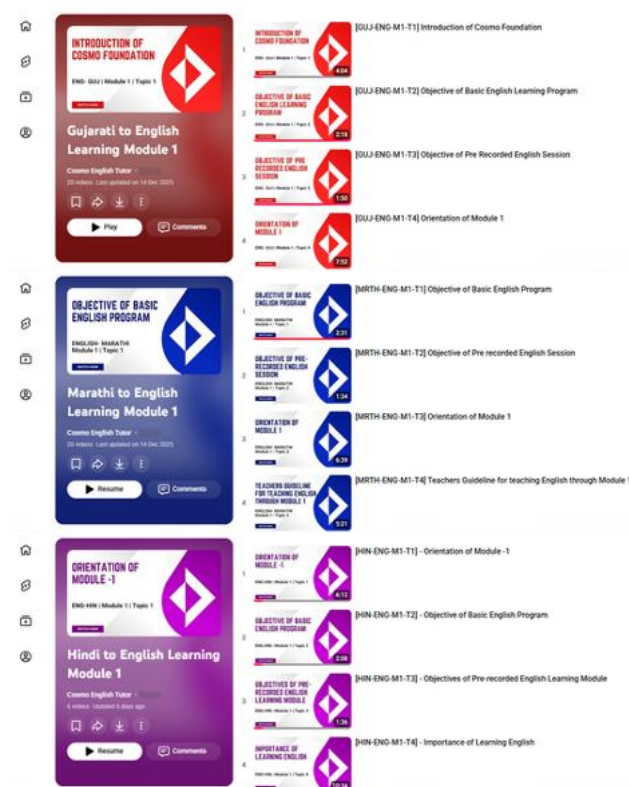

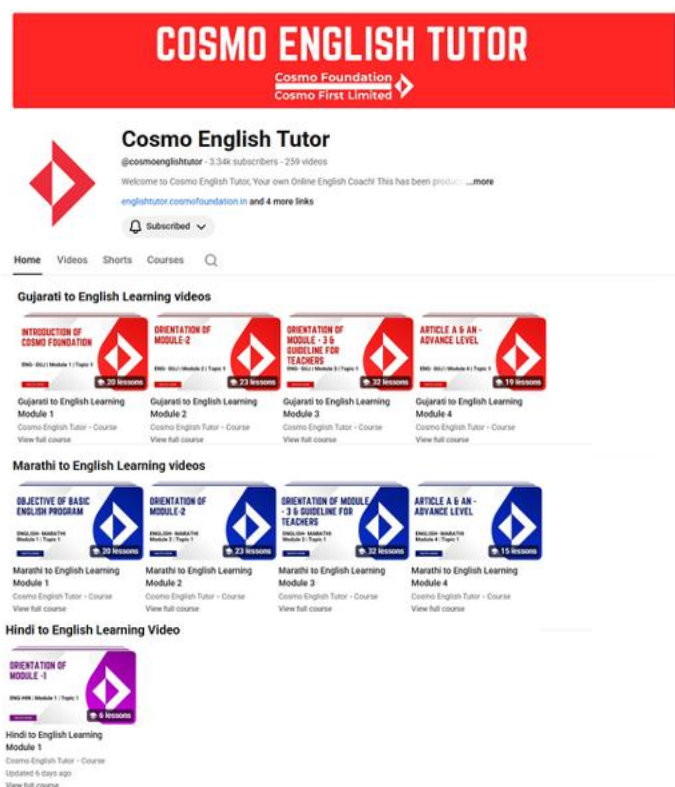

“ This advanced training offered profound insights and practical expertise in cyber safety and AI-driven pedagogy. The immersive, hands-on sessions significantly refined our communication and instructional strategies. We are eager to integrate these competencies across Cosmo Foundation programs. Such training will foster a more secure, innovative, and learner-centric educational environment in all our functional programs. ”

Rajat Bathe,
CSR Coordinator, Cosmo Foundation

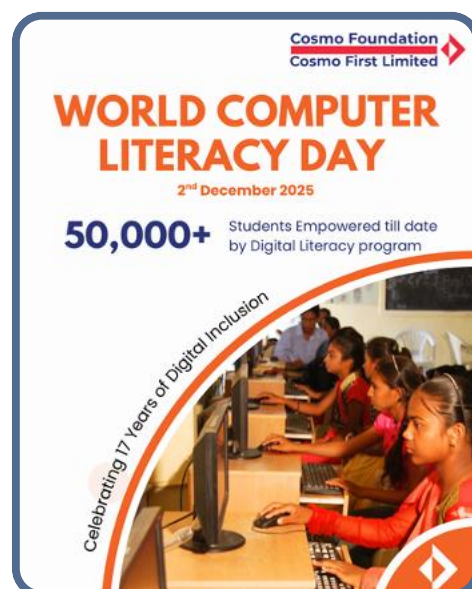

Redefining the Digital Learning Experience: Cosmo English Tutor

Cosmo Foundation has executed a comprehensive strategic overhaul of the **Cosmo English Tutor** channel, significantly **enhancing the digital pedagogical experience** through structured course integration. By organizing content into language-specific modules and well-defined learning paths, we have streamlined the educational journey for our users. This digital transformation includes the introduction of standardized thumbnails for visual segregation, SEO-optimized titles, and detailed descriptions featuring time-stamped indexing for precision navigation. Furthermore, the integration of interactive end screens, cards, and targeted keywords ensures a **seamless, continuous flow of learning and improved content discoverability**. This initiative reaffirms our commitment to leveraging technology to provide high-quality, accessible language education for all.

Seventeen Years of Driving Digital Equity and Opportunity

In commemoration of **World Computer Literacy Day**, Cosmo Foundation proudly **celebrates 17 years of pioneering digital inclusion**, having empowered **over 50,000 rural students** with essential technical competencies. This milestone reflects our enduring commitment to bridging the digital divide and fostering socio-economic mobility within underserved communities. By transforming enthusiasm into expertise, we continue to democratize access to digital opportunities, ensuring a future-ready generation. We privilege to have our team of dedicated educators and the resilience of our learners, as we remain steadfast in our mission to cultivate a **more equitable and technologically integrated society**.

Cosmo Best Award: Benchmarking Rural Academic Excellence

Cosmo Foundation conducted its annual **Cosmo Best Award Competitive Assessment**, to measure in-depth excellence and holistic development gained by rural scholars. For the 2022–24 academic term, **48 standout students from 16 schools across Gujarat and Maharashtra** had undergone through rigorous evaluation by distinguished faculty from **M.S. University, Vadodara**, and **Nath School of Business and Technology - MGM University, Chh. Sambhajinagar**. By meticulously gauging communication, digital literacy, and career readiness, the program significantly bolstered student confidence who championed higher education, particularly for girls. This endeavour underscores our commitment to bridging the rural-urban divide and nurturing a resilient, future-ready generation.

Safeguarding the Next Generation: Practical Cyber Security Awareness Program

Cosmo Foundation hosted a **Cyber Security Awareness Session** in collaboration with **FICCI FLO Vadodara** at Smt. H. C. Patel Arts & Commerce College, Karjan, and Shri C. & Z. J. Patel Vidyalaya, Bodka. More than **530+ students** were sensitized in this session, which provided practical, hands-on training for navigating the "Cyber World." Participants engaged in live technical drills, learning vital skills such as WhatsApp privacy configurations, two-step verification, and securing mobile data against malware. The expert-led workshop, being conducted by **Mayur Bhusavalkar, A Cyber Expert**. He empowered students by demonstrating how to identify AI-driven scams, utilize government helplines like 1930, and implement robust password strategies to ensure comprehensive digital safety and resilience.

Best Practices

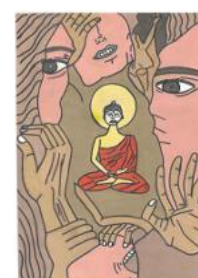

From Classroom to Competition: Nurturing Digital Literacy

Cosmo Foundation proudly supports **Ms. Ayushi Kamleshbhai Vasava** from Karjan in the **Tele MANAS Poster Making Contest**, an initiative of Ministry of Health and Family Welfare. Leveraging digital design skills acquired through our programs, Ayushi crafted a compelling visual advocating for mental health awareness under the theme, **“Your Mind Matters, Let’s Talk with Tele MANAS.”** We commend and appreciate her creative excellence and heartily extend our gratitude to Tele MANAS for empowering young voices to champion mental well-being—a core pillar of our commitment to social impact.

From Karjan to the Nation: Celebrating Our Young Artists' Creative Excellence

Under the mentorship of Cosmo Foundation's Balmitras and educators, **20 students** from Karjan and Aurangabad participated in the **21st Online All India Child Art Competition**. This was organized by the NAV Shri Art & Culture Organisation. It's a **national-level platform** allowing students to explore themes including **“The Future of Earth”, “Me & My Robot,” “In Search of Inner Peace,”** showcasing their creative vision and the Foundation's commitment to holistic youth development.

Legacy in Motion: How Our Students Are Shaping the Digital Future

To mark **Computer Literacy Day**, Cosmo Foundation launched a **user-generated content campaign** inviting students to reflect on **how 17 years of digital literacy support from Cosmo Foundation, shaped their skills and career journeys**. Over **40+ heartfelt stories** reaffirmed the Foundation's sustained impact in building confident, career-ready digital learners. Beyond just numbers, this campaign **told our story to the masses**. In **24-hour window**, we captured the **attention of over 17,500 people on Instagram**, turning a single day of content into a lasting expansion of our digital community.

अमित निवारी is with Cosmo Foundation.

As I finalise my research journal paper for my MSc in Data Science(UK), focusing on cloud-based AI and deep learning, I have to pause and reflect on where this digital journey truly began: 15 years ago at the @CosmoFoundation in Kandari, Gujarat.

When I joined the programme as a young kid, concepts like deep learning were science fiction. What I learnt wasn't just how to turn on a computer, it was the critical foundation that eliminated my initial hesitation towards technology. That early access to digital tools and the support from the instructors planted a seed of digital confidence that has defined my entire trajectory, teaching me the fundamental concepts of data organisation and problem-solving.

Today, my direct contribution to the digital world is through life saving academic research in medical imaging. I have successfully developed and implemented cloud-based deep learning models using a weekly supervision concept to enable the earlier determination of 14 different diseases in human chest scans. This cloud-based approach allows for scalable, rapid diagnosis, truly bringing AI to the front lines of healthcare.

This research is a testament to the fact that early digital literacy is not a luxury, it's the cornerstone of innovation in fields like healthcare. The fundamental digital skills taught by the Foundation enabled my higher education and my ability to work on such complex, distributed systems. Thank you, Cosmo Foundation, for building the foundation that launched my career from a school in Kandari to the forefront of health technology. To the young students currently in the programme every click and every lesson is a step toward a future you can't even imagine!

Happy World Computer Literacy Day

My name is Genta Dargis and I am a 2023 passout of Cosmo Foundation. During my learning journey here, I actively participated in every class and activity. This consistent involvement helped me strengthen my computer knowledge, digital skills, and overall confidence.

The computer skills I learned at Cosmo Foundation proved very useful in my further education and career. After completing my 12th, I successfully completed a Tally course, and I am now working as a 2023 Cosmo degree with the skills I gained. I am confident about my work from home accounts and the help of Cosmo.

I am truly grateful to my teachers and staff for their constant support and guidance. Her encouragement made learning easy, enjoyable, and motivating. She helped me develop my communication skills, teamwork, and the habit of consistent hard work.

I am thankful to Cosmo Foundation for giving me the opportunity to learn computer skills. It was a great learning environment that has shaped my future.

@cosmofoundation

Post

mysterious_sq

I'm thrilled to share my story with Cosmo Foundation, an organization that changed my life in ways I never thought possible. I grew up in a small village in India, where opportunities were scarce, and resources were limited. But thanks to Cosmo Foundation's computer education program, I was able to access the tools and knowledge I needed to succeed.

mysterious_sq invited you to be a collaborator on their post.

mysterious_sq World Computer Literacy day @CosmoFoundation @Candari Education @Empowerment @KidsComputerDay

Journey with Cosmo Foundation

ABOUT ME

Hi! I'm Divyajitsinh Raj

I joined a student trial, became a teacher, and soon started working as a computer program coordinator—all while completing my graduation and master's.

CURRENT ROLE

After completing my master's degree, I joined ISKO ENGINEERING PRIVATE LIMITED PUNE as an HR manager.

I believe Cosmo taught me the technical and soft skills that have been so helpful in my career.

@cosmofoundation

Add to your story

Empowerment

Beyond Technical Skills, Building Employability

Cosmo Foundation, in partnership with **ISIE-India**, organized **specialized soft skills training** for **50 aspiring female EV Technicians**, focusing on **critical problem-solving and interview readiness**. Conducted by expert English faculty and HR professionals from Cosmo First Ltd., these sessions integrated practical learning with professional grooming to bridge the industry-readiness gap. This impactful initiative reinforces our commitment to empowering young women. This training will equip them in their armour with the confidence and competence to lead successful careers within the evolving electric vehicle sector.

Future-Ready Shalinis: Bridging the Digital Divide through AI and Soft Skills Training

Cosmo Foundation organized a **three-day training on Cyber Security, Applications of AI, and Soft Skills** for **USF Shalinis** in collaboration with **Nath School of Business and Technology, Chh. Sambhajinagar**. Experts from NSBT led interactive sessions, equipping participants with essential digital and professional competencies. The program was strengthened by the active involvement of **24 Cosmo Foundation teachers**, ensuring effective learning support. This initiative reinforces Cosmo Foundation's commitment to empowering young women with future-ready skills and confidence.

Empowering Rural Women Entrepreneurs: The 90-Day Business Wellness Program

Cosmo Foundation, in collaboration with **Kaarigar Clinic**, has launched a transformative **90-Day Business Wellness Program** dedicated to **over 30 rural women entrepreneurs from the Karjan region**. This comprehensive initiative provides hands-on training in digital marketing, product branding, and strategic business development. Beyond classroom learning, participants benefit from **personalized mentorship and a one-year handholding period** to ensure sustainable growth. To further catalyse their success, the program offers pathways to **SSIP grants, seed funding, and prestigious awards**. This initiative underscores Cosmo Foundation's unwavering commitment to fostering inclusive growth and equipping women with the tools to build resilient, scalable enterprises.

BUSINESS WELLNESS PROGRAM

What You Will Learn

- Vision: Decide what you want to do in life and why you should start a business.
- Sales Talk: Learn the best way to tell people about your product and business.
- Design: Tips to make your product look beautiful and catch the eye.
- Customers: Learn who to sell to and how to grow your market.
- Social Media: Use your mobile phone to get more customers online.
- Money Management: Learn how to count your profit and handle your expenses.
- Work from Home: Discover new ways to earn money from home.
- Record Keeping: How to make bills and keep your business papers organized.
- Success: How to set goals to achieve your biggest dreams.

Opportunities During Training:

- Every participant will be paired with an experienced mentor providing personalized guidance and expert advice tailored to your business needs.

Post-Training Benefits

- 1-Year Mentorship and Network Support
- Prestige & Recognition
- Financial Assistance & Grants

Training Structure

- 90-Day Comprehensive Training
- Offline Sessions: 3 Immersive modules (2 Days/Month)
- Online Sessions: 10-12 Weekly interactive webinars (1-2 Hours/Session)

For Registration & More Information: Ankita Patel: +91 70418 43792

Empowerment

Transforming Rural Lives through Integrated Skill-Building

In a **collaboration with Shree Maharani Chimnabai Stree Udyogalaya**, Cosmo Foundation is bridging the digital and physical divide for rural women through an integrated mobility program. This initiative offers comprehensive **two- and four-wheeler driving training paired** with essential **functional digital literacy**. By **addressing the complexities** of modern, **digital-only licensing systems**, the program equips participants with the skills to navigate both online platforms and the open road. Beyond technical instruction, this initiative fosters self-reliance and breaks traditional barriers to movement. Through this endeavour, Cosmo Foundation reaffirms its commitment to fostering **lifelong independence**, ensuring women have the mobility and digital confidence to access broader avenues on the path of economic opportunities.

Creating Pathways to Economic Independence through EV Training

“ The professional trajectory of **Nikita Rupesh Shahane**, a **beneficiary of EV Technician Course**, serves as a prominent example of the impact generated by the Women Empowerment Project, a collaborative initiative led by the Cosmo Foundation and JMA Marketing, in partnership with ISIEINDIA. Following the loss of her father, a critical need for financial independence and family support was identified, prompting a transition from academic theory to industry-specific expertise. This was achieved through her enrolment in the Auto Electrical and EV Assembly Technician course, where comprehensive hands-on training and real-time exposure to emerging electric vehicle technologies were provided.

As a direct result of this targeted intervention, a significant career milestone was reached with Nikita's induction into **OLA Electric Tech Pvt. Ltd.** Through this placement, a monthly remuneration of **₹25,000** is currently being earned, allowing for substantial contributions to her family's well-being and the establishment of long-term economic stability. Beyond the financial outcomes, the successful integration of a female engineer into the EV mobility sector serves as a powerful testament to the breaking of gender barriers in technical fields. This journey, supported by the strategic philanthropic efforts of the foundation and its partners, has resulted in the transformation of a humble background into a future defined by professional purpose, technical proficiency, and leadership. ”

Nikita Shahane
Electrical Engineer, OLA Electric Tech Pvt. Ltd.

Environment

Celebrating Energy Conservation Day with a Green Impact!

To mark **Energy Conservation Day**, Cosmo Foundation, in partnership with the **Prayas Youth Foundation**, organized a **Tree Plantation Drive**. Demonstrating environmental stewardship, **volunteers from Cosmo First Ltd. planted 400 trees at the Biodiversity Hub** to gradually lessen carbon footprint. This initiative underscores the power of collective action in fostering a greener ecosystem. This endeavour reaffirms our enduring commitment to environmental conservation and sustainable planetary health.

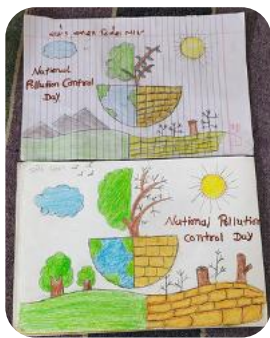

Cultivating Change with Our Farming Communities

On the eve of **International Farmer's Day**, Cosmo Foundation celebrated a **three-year partnership** milestone with **66 farmers in Karjan**, having facilitated the plantation of over 15,000 mango saplings. The event **honored "Champion farmers"** for achieving an exemplary 100% tree survival rate. Strengthening this initiative, an **expert session** by Vanraj Choudhary on **organic practices** and discussions on **FPO-led market linkages** provided vital insights. This collaboration reinforces our commitment to empowering the agricultural community through sustainable livelihoods and long-term economical security.

Raising Voices for a Cleaner World

On **National Pollution Control Day**, **1,100+ students of Cosmo Foundation** raised their voices through **powerful artwork advocating a cleaner planet**. Their impactful illustrations addressed critical issues, including air, water, and plastic pollution, demonstrating a profound sense of responsibility. By channelling their vision into creative expression, these young changemakers highlighted the importance of conscious choices, inspiring us all to commit to a cleaner, healthier, and more sustainable future.

Employee Engagement

Enhancing Operational Excellence: Shop-Floor English Communication Training

Cosmo Foundation launched its **"Mastering Shop-Floor Communication"** program at the **Cosmo Films Karjan Plant** to **elevate workplace productivity**. Led by Senior English Faculty, the inaugural session empowered **12 employees with essential skills** in workspace communication, verbal clarity, professional etiquette, and digital communication. By strengthening functional English and instructional accuracy, this initiative fosters a more collaborative environment, ensuring our workforce operates upward and downward communication skill with the confidence and precision being vital for manufacturing excellence.

Identifying Tomorrow's Leaders: Best Performance Award Student Interactions

Cosmo Foundation conducted **interviews for the Best Performance Award**, featuring 13 high-achieving students from Gangapur Block. **Evaluated by Mr. Prashant Joshi, HR Manager, Cosmo Films Ltd., Waluj Plant**, candidates received expert career mentorship alongside their assessments. This initiative celebrates academic rigor while preparing students for professional success.

Empowering EV Professionals: Employee-Led Skill Development

Rusha Thorat, Executive, Cosmo Films Ltd., Waluj, mentored **50 female EV Technician aspirants**. She facilitated practical sessions focused on problem-solving and interview readiness, providing direct industry insights. This initiative leverages internal expertise to bridge the skill gap, ensuring these young women are equipped with the professional competence and practical knowledge required to succeed in the electric vehicle sector.

Employees in Action: Advancing Environmental Responsibility Through Plantation

To mark **Energy Conservation Day**, **12 employees** of Cosmo First Ltd., participated in a **plantation drive at the Biodiversity Hub**. In collaboration with Prayas Youth Foundation, the team **planted 400 trees** to actively mitigate carbon emissions. This collective effort demonstrates a practical approach to environmental stewardship, promoting a healthier ecosystem through direct participation and shared responsibility.

Network & Partnership

Samagra Shiksha Abhiyan – Gujarat

Cosmo Foundation served as an **esteemed jury member for Buildathon 2025 - India's largest school-level innovation challenge**, represented by **Ms. Mamta Baxi and Mr. Pravin Chauhan**. Their participation highlights the Foundation's leadership in evaluating innovative solutions and contributing to impactful industry-driven platforms.

Kaarigar Clinic: Business Wellness Program

Cosmo Foundation, in collaboration with **Kaarigar Clinic**, launched a **90-day Business Wellness Program** for **30+ rural women entrepreneurs**. The initiative provides capacity building, marketing guidance, and mentorship, with opportunities for funding and SSIP Grants to scale sustainable rural enterprises.

CII Career Model Centre: Employability and Capacity Building Program

In collaboration with the **CII Career Model Centre**, Cosmo Foundation launched an **Employability and Capacity Building Program** for **200+ students from ITI Gotri and Karjan**. This 60-hour training integrates advanced digital and soft skills, followed by free placement assistance to ensure career readiness.

NSBT: ToT on Cyber Security and Soft Skills

As a dedicated **Knowledge Partner**, the **Nath School of Business and Technology** conducted a **three-day intensive training on Cyber Security and Soft Skills for teachers**. Additionally, NSBT experts supported the Best Performance Awards by providing **professional evaluation during the student interview process**.

Synergistic Humanitarian Gesture: Winter Relief Initiative

In a collaborative effort to mitigate the chilled winter hardships, Cosmo Foundation partnered with **Spread a Smile India, ISKCON Delhi, the Delhi State Cancer Institute, and the National Institute of Tuberculosis and Respiratory Diseases**. Cosmo Foundation **distributed 1,500 blankets and meals** to underserved students and hospital patients, strengthening communal resilience through collective selfless endeavour.

FICCI FLO Vadodara: Cyber Security Awareness Initiative

In collaboration with **FICCI FLO Vadodara**, Cosmo Foundation hosted a **Cyber Security Awareness Program** for students and college youth. This session equipped participants with vital digital safety skills, addressing emerging cyber threats and fostering responsible online behaviour within the community.

MSU and Karjan College: Expanding Internship Program

In collaboration with **Smt. H.C. Patel Arts and Commerce College, Karjan**, Cosmo Foundation launched a social exposure **internship for five students**. This partnership, solidified through **orientation and cyber security awareness programs**, reflects our commitment to extending community focus toward empowering college youth through professional development. We have also inducted **four students from The Maharaja Sayajirao University of Baroda** for a professional internship program. These interns will gain hands-on training in social project management, applying academic excellence to impactful CSR initiatives.

Events & Workshops

Creative Skilling: Advancing Vocational Excellence in Nail Art

In collaboration with **Shree Kanam Vidyamandir, Choranda**, Cosmo Foundation hosted a **five-day intensive Nail Art workshop** led by intern **Ms. Tithi Darji**. Enhancing the school's existing Beauty and Wellness curriculum, the program provided **80 students** (Grades 6–10) with hands-on training in high-demand aesthetic techniques, fostering creative entrepreneurship and practical skill development among rural youth.

Empowering Future Leaders: Youth Parliament Awareness Program

In collaboration with local schools and ITI Karjan, Cosmo Foundation organized a **Youth Parliament Awareness Program** led by Intern **Ms. Mishti Kumawat**. Engaging **220+ students**, this sessions promoted **democratic values and leadership**. By simulating parliamentary functions, the program cultivated essential civic responsibility, communication, and teamwork, reinforcing our commitment to nurturing informed and confident citizens for nation-building.

National Human Rights Day Awareness

Commemorating **National Human Rights Day**, Cosmo Foundation conducted **awareness sessions** for rural students to **illuminate fundamental constitutional rights**. By educating youth on their legal protections and civic duties, we foster an informed generation capable of advocating for justice, equality, and collective community dignity.

Events & Workshops

Cultivating Sustainability: Commemorating World Soil Day

To mark **World Soil Day**, Cosmo Foundation conducted **awareness sessions** in Karjan and Aurangabad, emphasizing soil's vital role in our ecosystem. Through **educational screenings and practical kitchen garden seed-planting** in Karjan, and a **thematic painting competition** in Aurangabad, we engaged students in understanding soil degradation and conservation, fostering a deep-rooted commitment to environmental stewardship and sustainable biodiversity.

Energy Conservation Day: Building a Resilient, Energy-Conscious Generation

On the eve of **National Energy Conservation Day**, Cosmo Foundation conducted **awareness sessions** for rural students, emphasizing individual contributions toward energy efficiency. By educating the younger generation on sustainable practices, we are fostering environmental stewardship and building a resilient, energy-conscious future. This initiative underscores our commitment to nurturing eco-conscious leaders who prioritize planetary health and resource sustainability.

Festive Joy: Celebrating Christmas Across CGVK Centers

Cosmo Foundation celebrated **Christmas across all CGVK Centers**, bringing festive cheer to rural students through vibrant activities. **From creative arts, crafts and drawing to dance and play**, these celebrations fostered a spirit of community harmony, creativity, and joy among our young learners.
